

Recombinant human VEGF 121B protein ab88348

画像数 3

製品の詳細

製品名	Recombinant human VEGF 121B protein
生理活性	Activity: The ED ₅₀ of VEGF 121B is typically 0.5-2.5 ng/ml as measured in a cell proliferation assay using human umbilical vein endothelial (HUVEC) cells.
精製度	> 95 % SDS-PAGE.
発現系	HEK 293 cells
タンパク質長	Full length protein
Animal free	No
由来	Recombinant
生物種	Human
配列	APMAEGGGQNHHEVVKFMDVYQRSYCHPIETLVDIFQEYPDE IEYIFK PSCVPLMRCGGCCNDEGLECVPTESNITMQIMRIKPHQGQH IGEMSF LQHNKCECRPKKDRARQEKCDKPRR

特性

Our **Abpromise guarantee** covers the use of **ab88348** in the following tested applications.

The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

アプリケーション	Functional Studies
	SDS-PAGE
製品の状態	Lyophilized

前処理および保存

保存方法および安定性	Shipped at 4°C. Store at +4°C. Constituents: 1% Human serum albumin, 10% Trehalose This product is an active protein and may elicit a biological response in vivo, handle with caution.
再構成	It is recommended that 0.5 ml of sterile phosphate-buffered saline be added to the vial. Following reconstitution short-term storage at 4°C is recommended, and longer-term storage of aliquots at -

18 to -20°C. Repeated freeze thawing is not recommended.

関連情報

関連性

VEGFA is a growth factor active in angiogenesis, vasculogenesis and endothelial cell growth. Induces endothelial cell proliferation, promotes cell migration, inhibits apoptosis, and induces permeabilization of blood vessels. Binds to the VEGFR1/Flt-1 and VEGFR2/Kdr receptors, heparan sulfate and heparin. Neuropilin-1 binds isoforms VEGF-165 and VEGF-145. In contrast to other factors mitogenic for endothelial cells such as FGF-1, FGF-2 and PDGF, VEGF is synthesized as a precursor containing a typical hydrophobic secretory signal sequence of 26 amino acids. Glycosylation is not required for efficient secretion of VEGF. VEGF 121 circulates more freely than other VEGF forms, which bind more tightly with vascular heparin sulfates.

SDS-PAGE - Recombinant human VEGF 121B protein (ab88348)

1D SDS-PAGE of ab88348 before and after treatment with glycosidases to remove oligosaccharides.

Lane 1: ab88348

Lane 2: ab88348 treated with PNGase F to remove potential N-linked glycans

Lane 3: ab88348 treated with a glycosidase cocktail to remove potential N- and O-linked glycans.

The absence of a drop in MWt after treatment with PNGase F indicates that there are no N-linked glycans attached to the protein. A subsequent drop in MWt after treatment with the glycosidase cocktail indicates the presence of O-linked glycans. Additional bands in lane 2 and lane 3 are glycosidase enzymes.

SDS-PAGE - Recombinant human VEGF 121B protein (ab88348)

A sample of ab88348 without carrier protein was reduced and alkylated and focused on a 3-10 IPG strip then run on a 4-20% Tris-HCl 2D gel. Approximately 40 µg of protein was load. Multiple spot trains indicate the presence of multiple isoforms of ab88348. Spots within both spot trains were cut from the gel and identified as ab88348 by protein mass fingerprinting.

Densitometry of protein isoforms visualised by 2-DE.

The densitometry scan demonstrates the purified human cell expressed protein exists in multiple isoforms, which differ according to their level of post-translational modification.

The triangle indicates the theoretical MWt and pI of the protein.

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit <https://www.abcam.co.jp/abpromise> or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
